8° Howling Gale Pale Ale

Plenty of flavour, with an attractive maltiness mid-palate and a lovely refreshing hoppy note kicking in on the finish. If you are trying to move on from lager, this would be a good place to start.

Blacks KPA

Tropical and citrus flavours are beautifully balanced with the malty sweetness. Clean and crisp citrus bite to finish on, which lingers for a while alongside the sweet tropical fruit notes.

Stag Rua Red Ale

A beer with big malt flavours, it's our impression of a perfect Irish Red Ale. The flavour profile is chocolate, caramel and toffee, these are derived from liberal use of chocolate and crystal malts beside the gorgeous Irish ale malt.

Torc Wheat Beer

Brewed with care in the style of a Belgian Wit Beer. Along with its slightly cloudy gold finish, you will notice a refreshing orange and grapefruit aroma. What you'll taste is a clean crisp wheat-based beer, fruity and fresh, citrus and sweet.

Saor Gluten Free Beer

The brewers have denatured the gluten contained in the malt to create a crisp, light, smooth and thirst quenching quality craft beer, which is now below 20 ppm gluten. The beer is described as "Gently hopped, refreshing and easy drinking".

The high content of eating apples brings a strong golden hue colour. On the palate there is an initial burst of flavour carrying through to a smooth astringency.
